**LIVER COMPLAINTS, AND ALL SICKNESS & DISEASES. DR. LIN'S**

**Temperance Life-Bitters, AND CHINESE BLOOD-PILLS**

The Greatest Secret Discovered! PURGE, purge, purge has been the cry for the last few years. This has been effectually answered by the medicine of Dr. Lin's, and yet sufferers have multiplied and died; and why? Not because purging was not necessary, but because the system was not properly regulated, and the system was not properly regulated, and the system was not properly regulated.

The influence of the blood must be carried off, or the accumulation of them prevented. Prevent, then the growth of such humors.

Why do the Chinese live to such immense ages, and still retain the powers of youth or middle age? Because they purify the blood. The Chinese Blood Pills, so called because they work upon and cleanse the blood, are the standard remedy. These Pills will do it, and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors which infest the blood and which only increase by purges unless the Bitters are taken after. Buy then, these Pills and Bitters. Take weekly the Pills and daily the Bitters, and if you are or have been invalid for days, weeks, months or years, you will find the sickly humors drawn off, and prevented from a return, and the salutary influence of sickness change rapidly to the full blooming glow of health and youthful buoyancy.

There are cases so numerous of these brilliant effects that time and space forbid an attempt to put them down. Buy and use these medicines, and use neither and health and strength shall be yours. See wrapper and directions that come with them.

**TRADEMARK COUNTERFEITS**

Be warned! Buy no remedy of the kind unless it have my name G. C. LIN, M.D. on the wrapper, and also the notice as follows:

Entered according to Act of Congress, A. D. 1841, by THOS. CONNELL, in the Clerk's Office of the District Court of the United States for the Southern District of New York.

**TO THE OLD AND YOUNG. No! Ye Red Heads & Grey! PHENOLIN IN CHEMISTRY**

Color the Hair and not the Skin!!

THIS Dye is in form of a Powder which in plain matter of fact may be applied to the Hair every night, the first night turning the lightest red or gray hair to a dark brown, and by repeating a second or third night, to a bright jet black. Any person may therefore, with the least possible trouble, keep his hair in its natural color, or a perfect black, with a positive assurance that the powder, if applied to the skin, will not color it. There is no trouble in removing it from the hair, as in all powders before made. On occasional application, a person turning grey will never be known to have a grey hair! Directions complete with the article. There is no coloring statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated chemist, Dr. Comstock, author of Comstock's Chemistry, Philosophy, and many other works well known and widely celebrated by the public.

This Dye is sold by COMSTOCK & Co., 71 Maiden Lane, New York.

For sale in Bangor by G. W. LADD, corner of Smith's Block, and by A. P. GUILD, Exchange Street.

**PROSPECTUS OF THE Maine Farmer and Mechanic's Advocate**

(NEW SERIES) E. HOLMES, Editor

THE PROPRIETORS OF THE MAINE FARMER, in accordance with the suggestions of their friends, and with a view to the interests of a large number of their subscribers, have come to the conclusion to make a change in the form and size of the paper, on the first of January next. It will be about double the size of that of this year.

They propose to issue a paper, once per week, in large folio size, to be called MAINE FARMER and MECHANIC'S ADVOCATE. One page is to be devoted exclusively to Agriculture, one to Mechanical subjects, frequently illustrated with engravings, one to the current news of the day, with the proceedings of the Legislature and of Congress when these two bodies are in session, and the remaining page to be devoted to miscellaneous reading, poetry, advertisements, &c.

They presume it is not necessary to enlarge upon the peculiar character or future course of the paper now offered to you. The Maine Farmer has been in existence since 1835, steadily and perseveringly devoted to the interests of the productive classes. It will continue, as hitherto, a steady and undeviating friend to the Farmers and Mechanics, zealously urging forward the spirit of improvement, and encouraging the efforts of honest industry. Many of our best practical Farmers have long been engaged in contributing to the columns of the Farmer. These, as well as others will continue their aid and assistance in the Agricultural portion, and we have the assurance of many excellent Mechanics, that they will also contribute to the columns of their department.

Terms \$2 per year. \$2.50 will be charged if payment is delayed beyond the year.

Any person who will obtain six responsible subscribers and act as Agent, shall receive a copy, as long as he keeps that number good, for his services.

**New READING BOOK for Schools.**

**THE MONITORIAL READER, or a Monitor to Youth, holding up to their view Models whereby to form their own Characters.** By DANIEL ADAMS, Author of Adams's New Arithmetic.

EXTRACTS FROM THE PREFACE

"THE MONITORIAL READER possesses distinctive traits. The object is to supply what is believed to be the great desideratum in our schools—a series of exercises relating to what concerns the practical matters of life—truth, integrity, honesty, industry, temperance, foresight, frugality, patient endurance of adversity, and whatever else tends to form and fix the character of youth."

We wish to impress it on the minds of those, into whose hands these exercises shall come, now, in this seed-time of life, that here so abundantly inculcated, that every man is emphatically the architect of his own fortune; that with themselves lies whether they shall ever be anything or nothing; that a momentary capital to begin with does not weigh a whit in the balance for or against them; that, coming into life with health, strength, capacity for labor, good education, a useful and respectable trade, habits of industry, sobriety, punctuality, frugality, and above all, with a GOOD AND UNSHAKEN CHARACTER, they have the best of all capital—a moral capital, the noblest of all power—moral power, and the most certain means of honest and honorable accumulation and fortune, and may be sure, under circumstances ordinarily propitious, to rise to that competency of influence, respect, and general confidence, and that honorable measure of wealth and independence, which should fully satisfy a reasonable and virtuous ambition."

EXTRACTS FROM RECOMMENDATIONS

The influence will all be found on the side of virtue, morality and religion. Occasional comments are given. Difficult or unusual words are defined. Prose and poetry are suitably intermingled. It is hardly to be imagined that this book should fail of popularity. It certainly would not, had it not so many competitors that have got the start of it in the race. As it is, its motto is such as to give it fair promise of ultimate success in the contest. Boston Recorder.

Dr. Adams—Having examined to some extent your Monitorial Reader, I am pleased with its plan its object, and the manner in which it has been executed. It seems adapted to the intellectual and moral improvement of those for whose use it was designed. I trust it will prove to be what its author fondly anticipates.

(Rev.) Z. S. BARSTOW Keene.

It is just such a book as our New England boys and girls will be glad to see, for it inculcates in a pleasing manner industry, frugality, truth, honesty, temperance, peace, kindness, fortitude, and a cheerful piety. The Vocabulary, at the end, and the arrangement for defining words, will add to its value in the hands of a judicious teacher.

(Rev.) ABEL A. LIVERMORE, Keene.

We have also recommendations from a number of individuals and periodicals, among which are D. Crosby, Preceptor of the High School at Nashua; J. Newton Brown, Professor of Theology at New Hampton. It is also adopted by the Associations of School Teachers in Cheshire and Hillsboro' counties, and by the School Committee of Concord.

About 8000 copies have been published, and mostly disposed of.

Governor's Message.

It is certainly unfortunate for Governor Fairfield that his message to the legislature had to come before the public, simultaneously with those of New York, Massachusetts, and several other States, as the contrast which it presents to most if not all of them, is quite mortifying. We look in vain in Governor Fairfield's Message for any enlarged statesmanlike views. The whole of his ideas, purposes, anticipations, and hopes with regard to our State, are contracted within the narrow limits of a peck measure.

To pay off the State debt we have certain recommendations of so obvious a character that no one could well avoid them; and we have also a suggestion to withhold from our public schools, the amount paid to them by the banks, and an unequal tax recommended to be saddled upon the counties, to relieve the State. And to give vent to a narrow party feeling, the same message recommends that the State refuse to receive its proportion of the proceeds from the sales of public lands, preferring that the people be taxed, to receiving money brought into the treasury by the sale of the public domain.

But there is an objection to this part of the message independent of its strong party character; it is the wide departure made from the appropriate sphere of executive duties. The Governor recommends to the legislative branch, proceedings with which upon any principle of political theories he has nothing to do. His recommendation is a direct interference with the business of an independent branch in a matter which if they conclude to act upon at all, they do without his sanction or approval in any manner. This is taking the lead in great shape, and we shall probably see the legislature treading up like chickens to the dough pan.

The suggestion for restricting the issue of small bills, after the experiment has so signally failed, is ineffably ridiculous, and shows how an hypothesis is sometimes cherished in preference to a fact.

That portion of the message relating to the boundary manifests more of feeling and irritability, than the dignity of genuine purpose. But all things considered, perhaps, we ought to rejoice that the message is no worse, and if the political friends of the Governor can approve it, we ought not to complain.

The Age says it is straight-forward without being scholastic, and as we can agree in the last half of the compliment, we dismiss it.

Fire.

Between eight and nine o'clock last evening the wooden block of stores on Central Street and Smith Bridge, occupied by A. Noyes & Co. Store dealer; S. E. Herring, Grocer, and E. Holt, Shoe-maker, was found to be on fire, in the ceiling and attic. The fire probably took in the ceiling from a funnel, and spread about the building with great rapidity, but our excellent fire department worked with their usual skill and energy, and extinguished the fire without its burning much of the building.

A. Noyes & Co. stock and tools, were mostly removed, and saved in a damaged condition. A large lot of rags in the loft is injured by water, and a lot of wool in the attic was partly consumed, and the residue damaged. Their loss has not been ascertained, but probably not over one thousand dollars. They had \$2000 insured at the Manufacturer's Co. Boston. The Agent took care of the property during the fire.

The goods of S. S. Herring were carefully removed by the agent of the Marine Insurance Co. Hartford, and the damage only a few hundred dollars. The amount insured \$1000.

The building was owned by the Messrs. Strickland of this city, and by the Central Bank at Hallowell, and insured at the Manufacturer's Office, Boston, for \$1000, which will more than cover the loss.

Loss of Ship Oceana.

The ship Oceana, bound from Havre to New Orleans, was run ashore on the 6th ult. at Bare Bush Key, off Old Harbor, about 12 miles from Kingston Jamaica. The Despatch says: "Upwards of two hundred souls were on board, including passengers, immigrants, and crew. Fortunately, no lives have been lost, but the unhappy immigrants have been barbarously plundered by the inhabitants of Long Bay, and the shore in the neighborhood. The Hon. Alexander Bravo soon set the police on the tracks of the robbers; and we are informed that their prize worthy exertions have been eminently successful. Mr. Bravo has most humanely taken charge of the immigrants, and also assisted the passengers on many occasions. It is understood that the greater part of them are immediately to be shipped off in a vessel to be chartered for New Orleans. Should the present favorable weather prevail, a great part of the cargo may be saved. It consists of wines, silks, and other valuable goods."

We want all our young readers should know that there is a fine looking, good natured and very pleasant old gentleman living in Boston who is generally called "Uncle Christopher." He loves dearly to tell stories about his going to sea, when he was boy, and all about the West Indies, and Spain, and a great many other places that he has seen. The boys like his stories so well, and he knows so many of them, that he writes them and puts them into a paper called the "Youth's Advertiser." It is a beautiful paper, and has a picture of "Uncle Christopher," with his white hair, clean clothes, and smooth, handsome face. He will send the paper a whole year for one dollar, by sending the money to Sleepers, Dix and Rogers.

Every child in this city, who has a child six months of age, and its name and date of birth, is not recorded upon the city Books, is liable to pay a fine of one dollar, according to the Revised Statutes.

The legislative career of that concentrated essence of modern democracy the member from Orrington, promise to be very brilliant, if we may judge from its beginning. His first act was, as Chairman of a Committee, to agree to give one of his neighbors, and political friend, five dollars a day, for services, which others offered to do for about half the sum. His system of retrenchment was a little too gross for even his own party to swallow, and they felt compelled to kick against his project. His constituents must feel a high degree of satisfaction in having so bright an ornament in the legislature of the State.

The action of the House of Representatives on Saturday will cast a gloom over the prospects of many of the unfortunate throughout the land. A bill to repeal the Bankrupt Law was to be reported on Tuesday last, and it would probably pass the House. Its fate in the Senate is doubtful. If there is strength enough in the Veto power to save this humane law, that power may be of some benign purpose.

Torch Light for Fire-Engines.

Mr. Editor: The following compound for a torch light, was prepared for Engine Company No. 4, some three years ago, and has stood the test of wind and rain, under all circumstances, when the fire department has been called to act. I now offer it for publication that others may avail themselves of its advantages.

To one pint of winter strained oil, add half a pint of spirits of turpentine, and about a table spoonful of the super carbonate of soda, shake them well together in a bottle and trim the torch lamps in the usual manner, - a permanent combination of the oil and spirit, is thus obtained that ensures a steady and constant light.

Question for Solution.

There is a circle measuring 9 feet from the axle to the back band, the body weighing 3.4 cwt. is placed with the centre 30 inches from the axle. When there are 2 persons in the chaise, weighing 3 cwt. what will be the weight on the back of the horse exclusive of gearing? W.

MAINE LEGISLATURE.

[Augusta Correspondence.]

State House, Augusta.

Tuesday, Jan. 11, 1842.

I hear it confidently asserted this morning that the Hon. Ruel Williams will resign his seat in the Senate of the U. States, in favor of his Excellency, Gov. Fairfield, in consideration of certain *quid pro quos*. One precedent consideration, is, I understand, that Fairfield shall appoint Mr. Daniel Williams, Clerk of the Courts for Kennebec, and Mr. Alfred Reddington of Augusta, Adjutant General; how much further this arrangement extends, I cannot say, but certain it is, that there is a more extensive system of log-rolling going on than ever before. I am also told if the above arrangement is consummated the probability is, that Mr. Senator Williams will be run by the democratic party for Gov. A desultory debate sprang up in the house on a motion to strike up the bill laid on the table, yesterday, providing for the election of certain Co. Officers. The Locos were desirous of referring the bill to a Select Joint Committee, and probably intend to take it into caucus before again allowing it to come before the House. Mr. Washburn of Orono, Morse of Bath, Arnold of Augusta, Muzzy of Bangor, and several other whigs, argued immediate action on the bill, but the Locos outvoted them, and referred the bill to a Committee of one from each County on the part of the House. What the ultimate fate of the bill will be, it is impossible to say, but the knowing ones of the dominant party say, that noses have been counted, and the bill will be killed. The unfinished business of the last session which was referred to this Legislature, was taken up, read and referred to appropriate committees. The Committee on the Militia was instructed to inquire into the expediency of providing the Gray Artillery Co. with Harnesses. The Committee on Claims was directed to inquire into the expediency of allowing the claim of Timothy H. Weymouth.

The Committee on the Judiciary were instructed to inquire into the expediency of granting the right of appeal from the District to the Supreme Court in all Criminal cases, when the penalty is \$500, and one year's imprisonment.

The Committee on the Judiciary were also instructed to inquire into the expediency of altering the Revised Statutes, in relation to highways also in relation to the taking of depositions. A communication from the Adjutant General, respecting costs, in Courts Martial, was referred to the Committee on Accounts.

The Committee on the Judiciary were also instructed to inquire into the expediency of reducing the pay of County Commissioners.

In the Senate an order was introduced directing the Committee on the Judiciary to inquire what alteration, if any, was necessary in the act incorporating the Insane Hospital, to enable the State Treasurer to collect the bequest of Bryce McLellan, to that institution. So much of the Gov's Message as relates to the Bank tax, was referred to the Committee on Literature and Literary Institutions. And so much as relates to Banks and Banking, was referred to the Committee on Banks and Banking.

The following petitions and remonstrances were presented and referred of the 2d Parish

in Camden of City Bank of Portland of Selectmen of Danville of West Brook Bank of the Inhabitants of Wilton of Abbott Abson of the Bucksport Mechanic Association of Columbus Crockett of Azel Woodman, et. al. of J. CONGRESS.

Friday, Jan. 7th.

The Senate did not sit to-day. In the House most of the time was occupied in the presentation of petitions debating their character.

Mr. G. Davis of Ky., presented a petition for the repeal of the Bankrupt Law. Mr. Cravens of Ia. moved its reference to the Judiciary Committee, with instructions to report a bill repealing the Bankrupt Law. Mr. Proffitt moved a call of the House. Mr. Chittenden of N. Y. moved that the motion to refer do lie on the table. A Member moved an adjournment, and, being involved in general confusion, the House soon adjourned.

Saturday, Jan. 8th, 1842.

The Senate were not in Session to-day.

In the House, a resolution offered by Mr. Briggs was adopted, instructing the Committee on Public Expenditures to inquire into the quality and amount of furniture that has been purchased or contracted for, for the New-York Custom House, and whether there has been any reduction in the expenditures, or in the number of persons employed therein during the past year, &c.

Mr. Cushing, on leave, reported from the Committee on Foreign Affairs, a bill concerning the tonnage duties on Spanish vessels, and a bill regulating commercial intercourse with the port of Bayenne in the Colony of French Guiana, which were referred to the Committee of the Whole.

The business of yesterday was then taken up, the question before the House being on the motion of Mr. Chittenden to lay on the table the motion of Mr. Cravens of Ia. to instruct the Committee on the Judiciary to report a bill to repeal the Bankrupt Law.

After various motions and the request of several members to explain their votes being refused, the main question on instructing the Committee was then carried. Yeas 115, Nays 94.

Mr. Cave-Johnson moved a reconsideration of the vote, and on this called the previous question. The motion was then rejected, (as intended.)

The petition on the reference of which the instructions were moved, was then referred to the Committee on the Judiciary.

Mr. Marshall presented a petition from the Chamber of Commerce, and also from many citizens of Louisville, Ky., for the repeal of the Bankrupt Law; which he moved to refer to the Committee on the Judiciary with instructions to report a bill to repeal the Bankrupt Law forthwith; and on this immediately called the previous question.

Mr. Stanley appealed to him to strike out the word "forthwith." They had had enough of that in the New-Jersey case. He hoped it would never be used by Whig Congress.

Mr. Marshall replied that this was a Loco Foco Congress. After considerable confusion the motion was modified and the Committee on the Judiciary instructed to report a bill on Tuesday next, to repeal the Bankrupt Act. Adjourned.

A Fight for.

A fellow named Hunknald, confined in Newport, (R. I.) Jail for robbing the Providence Post Office, made a most unfortunate attempt to break out on Monday night of last week. He made a hole in the wall large enough as he thought to afford him a "passage way to liberty," but upon getting about half way through, he found it equally impossible to "go ahead" or "go astern." He could neither advance or retreat a single barley corn; but there he was, firmly imbedded in stone as the wretched fellow was in a *Dryshire* mine.

THE vegetable remedy for diseases arising from the impurities of the Blood, Dyspepsia, Scrofula, and all chronic diseases; also a substitute for Calomel as a cathartic in fevers, and all bilious affections.  
FROM the extensive applicability to general disease, which this remedy possesses, as is demonstrated in the detailed cures of the various complaints, the proprietor feels justified in claiming for it superior consideration. The numerous testimonials of its efficacy, from physicians, druggists, and distinguished individuals, place it beyond the doubt of remedies of the day, and entitles it to special commendation.  
These Pills have acquired an unprecedented celebrity as an anti-dyspeptic and anti-bilious remedy; and this reputation being fully sustained by the high character of its testimonials and the increasing demand for the Medicine, it is only necessary for the proprietor to continue the caution, that the public may not mistake other medicines, which are introduced as Tomato preparations, for the true Compound Tomato Pills.  
They have cured numerous bilious diseases, dyspepsia, liver complaints, sick headache, jaundice, indigestion, heart burn, acid stomach, palpitation, loss of appetite, constipation, &c.  
Those who wish the genuine medicine, so highly recommended, entirely vegetable, and prepared by a regularly educated Physician, must be particular to inquire for PHILLIPS, and see that they are labelled Dr. PHILLIPS' Compound Tomato Pills.  
For a full account of this medicine, testimonials, &c., see pamphlets in the hands of all who sell it.  
None are genuine without the signature of G. W. PHILLIPS, M.D., sole proprietor, Hartford, Conn.  
For sale in Bangor, by G. W. HOLDEN, G. W. LADD and A. P. GUILD, and by authorized Agents in nearly every town in the State.

**LOOK OUT.**

Some Swindlers have counterfeited this article, and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of COMSTOCK & Co.; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy it; for it is impossible for any other to be true or genuine. Sold by COMSTOCK & Co., 71 Maiden Lane, New York.

**HYSTERIOUS.**

A GENTLEMAN belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health, has regained his natural erect position, and has quitted his carriage, and now walks with ease!! We believe this is the gentleman's own description as near as possible, and there is no exaggeration in it. We will give inquiries his address, and doubt not his humane feelings will excuse the liberty; so that any one doubting, may know these facts, though he requests his name may not appear in print. Among other similar instances, Mr. James G. Reynolds, 141 Christie street, has been restored, and will give personal assurances of the facts of his case. Both were rheumatism, and contracted cords and sinews. How has this been done?  
Answer. By *Hopps' Nerve and Bone-Liniment* externally.

**LORRAINE'S PILLS,**

OR VEGETABLE UNIVERSAL MEDICINE.  
OF THE  
French College of Health, in Paris.  
THE following letter was received yesterday by mail from Salem: It gives another evidence of the great success of Lorraine's Vegetable Universal Pills.  
SIR I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inability of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.  
J. E. NEWHALL.  
Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.  
SIR It took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.  
Yours truly,  
Nov. 20th, 1841.

[From Boston Daily Mail.]  
Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both—  
SIR I have been effectually cured of a severe headache by the use of Lorraine's Pills.  
SARAH NOYES.  
SIR My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.  
Rev. J. KNIGHT.  
New York City, Nov. 1, 1841.

Family Medicine.  
SIR I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 20m to \$100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.  
Hartford, Conn. July 8.

Lame Back.  
Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.  
Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.  
Mrs. Bird of Providence says, that Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

**THE CONDITION.**

The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.  
The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

**TO THE LADIES.**

INTELLECTUAL DEVELOPMENTS AND PERSONAL BEAUTY CONSIDERED IN CONNECTION WITH BOU-RAUD'S POUDES ET STILES.  
The sculptor whose study is to imitate the exquisite workmanship of nature, portrays in his model of the human form a broad and elevated forehead. This development is not only concomitant with, but sometimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty, and it is of importance to those, and there are many such, possessed of this prominent feature, though obscured by the encroachments of a too luxuriant growth of hair, to remove that portion of an excrecence which tends, in its case, only to deform. This can be done safely, speedily, effectually, and if used in accordance with directions, without the least inconvenience, by Dr. Felix Gouraud's Depilatory Powders. The size of the lip, when an oblong, or the short hair on the back of a lady's neck, when too apparent, the hair of a mole, or the beard, when hung upon the cheek, may all be removed, and eventually the roots destroyed, by the use of this preparation.  
Manufactured by Dr. Felix Gouraud, 67, Walker street, one door from Broadway, N. York. \$1 00 per bottle.  
GOURAUD'S EAU DE BEAUTE, OR TRUE WATER OF BEAUTY.  
For removing Freckles, Tan, Pimples, Blotches, Sores, Burns, and all Cutaneous Eruptions, realizing delicate white hands, neck and arms, and eliciting a healthy juvenile appearance. 1/2 \$1 00 per bottle.  
GOURAUD'S VEGETABLE ROUGE.  
Composed materially from flowers and simples, imparts delicate carnation tinge to the cheek, immovable by perspiration or rubbing with a handkerchief or a linen cloth. 1/2 50 cents per bottle.  
To be had in Bangor at the sole appointed Agents, Messrs. WHITTIER & GUILD, Drug-Store.

**HUMAN HAIR.**

STRANGE it is that persons who attend strictly to personal cleanliness, bath, &c. should neglect the Hair—the most essential, the most exposed, and the most beautiful when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No, if you have once tried and experienced its purifying effects its sweet perfume.  
A hundred articles have been put forth on the credit of this the only first the only really valuable article. A mass of testimony from all classes to these facts.  
LOOK OUT Counterfeits are abroad; look always for the name of COMSTOCK & Co. on the splendid wrappers, and never buy it without that name.  
[From the Boston Chronicle, Jan. 10.]  
We see by an advertisement in another column that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere. We know a lady of this city whose hair was severely gone as to expose entirely her phenomenal developments, which, considering that they betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to mis-called restoratives, purchased, some months ago, a bottle of one of Oldridge's Balm, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not putting none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig a year ago, we have now, through its virtue, hair enough, and of a passable quality, of our own.  
Beware of Fraud.  
The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the signature of COMSTOCK & Co. on a splendid wrapper. This is the only external test that will secure the public from deception.

**THE BEST METHOD FOR THE ABOLITION OF DISEASE.**

Wright's Indian Vegetable Pills, or Indian Purgative.  
Of the North American College of Health.  
Are now acknowledged to be the best medicine for the cure of  
EVERY VARIETY OF DISEASE.  
Because they thoroughly cleanse the stomach, bowels of those bilious humors which not only annoy and weaken the digestive organs, but are the cause of headache, nausea and sickness, pain in the heart, rheumatic pain in various parts of the body, many other unpleasant complaints.  
THE INDIAN VEGETABLE PILLS are also a certain cure for intermittent, nervous, inflammatory and putrid fevers; they cleanse the body of those morbid humors which when confined to the circulation, are the cause of all kinds of  
FEVERS.  
So, when morbid humors are deposited on the membrane, and muscle, causing those inflammations and swellings, called  
RHEUMATISM, GOUT, &c.  
The Indian Vegetable Pills may be resorted to with certainty to give relief, and if persevered in will most assuredly, and without fail, make a complete cure of the above painful maladies. Three to six of said Indian Vegetable Pills every night on going to bed, will in a short time completely rid the body of every thing that is impure to health, that Rheumatism, Gout, and of every description, will be literally  
DRIVEN FROM THE BODY.  
From the same reason, when, from sudden changes of atmosphere, or any other cause, the perspiration is checked, and those humors which should pass by the skin, are thrown internally, causing  
HEADACHE, GRINDINGS, Nausea and sickness, pain in the bowels, watery, inflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in various parts of the body, and many other symptoms of  
CATCHING COLD.  
THE INDIAN VEGETABLE PILLS will rapidly give immediate relief. From three to six said Pills taken every night on going to bed, in a short time, not only remove all the above unpleasant symptoms, but the body will be brought to even sounder health than before. The same he said of  
ASTHMA, OR DIFFICULTY IN BREATHING.  
The Indian Vegetable Pills will loosen and drive off by the stomach and bowels those phlegmy humors which stop up the air cells of the lungs, and are the cause not only of the above distressing complaint, but when neglected, culminates in a still more dreadful malady called  
CONSUMPTION.  
It should also be remembered that the Indian Vegetable Pills are certain cures for  
PAIN IN THE SIDE.  
Oppression, nausea, and sickness, insensibility, a yellow tinge of the skin and every other symptom of a torpid or diseased state of the liver; because they purge from the body those impurities which are deposited upon important organs are the cause of every variety of  
LIVER COMPLAINT.  
CAUTION.  
The public will please observe that the genuine medicine has the following wording on the sides of the boxes:  
WRIGHT'S INDIAN VEGETABLE PILLS (INDIAN PURGATIVE)  
Of the North American College of Health.  
And also found the border of the label will be found in small type. "Entered according to Act of Congress in the year 1840, by WILLIAM WRIGHT, in the Clerk's Office of the District Court, of the Eastern District of Pennsylvania." The public will also remember that all the genuine Indian Vegetable Pills are provided with a certificate of Agency signed by WILLIAM WRIGHT, Vice President of the NORTH AMERICAN COLLEGE of HEALTH, and that pedlars, are never allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of Agency, above described, and those who cannot show it will be known as base impostors.  
If the public are cautioned against buying of one A. L. Norcross, purporting to be the Agent for the Indian Vegetable Pills of the North American College of Health, but which are a base counterfeit. Also, beware of one J. B. Rochford, who is engaged in the same business.
